This SAi flagship product offers the total solution for print, print-and-cut and direct-to-vinyl production workflow. It includes powerful wide-format RIP software with a full printer and cutter production feature set as well as a complete design application that makes sign and print design easy. No matter what types of jobs you need to produce, FlexiSIGN & PRINT has the tools.

POPULAR PRODUCTION FEATURES AND BENEFITS

- Quickly print, print-and-cut, and direct-to-vinyl cut wide-format jobs from one application
- Fast, native PDF RIP handles transparencies and complex files with ease
- Automate common job preparation steps with job presets
- Dramatically reduce finishing time on banners and canvas jobs with grommet marks and bleed tools
- Quickly set up roll-to-roll textile and patterned graphics with the step-and-repeat tool
- Find exact matches of job spot colors in seconds using the spot color swatch tool
- Produce stunning metallic and white ink jobs easily with the automated underbase, choke and bleed tools
- Minimize ink consumption and get the most color-accurate prints with the included wizard-driven ICC Media profiler

Design Features

- Complete suite of bitmap, vector, text & effects tools
- Much easier and faster to use than other design software for wide-format job prep
- Easily design direct-to-vinyl signs with multiple colors, text and vector graphics
- Add one or more contour cut paths to graphics in seconds
- Quickly create a variable-data print run with the auto-serialization feature

Applications

- Vehicle Wraps
- Stickers & Decals
- Banners
- Indoor & Outdoor Signage
- POP Displays
- Labels
- Trade Show Graphics
